1ST TRANSNATIONAL PROJECT MEETING

Welcome to our Erasmus ka220 project!
Successful Transnational Project Meeting: Significant Advances in
International Collaboration

The first transnational meeting of the TRANSFORMATION WITH DIGITAL STEAM IN A SAFE ENVIRONMENT project took place in L'Alcúdia, Valencia, Spain, from July 5 to 7, 2022. The event brought together representatives from different countries and organizations: Croatia, Czech Republic, Slovenia, Turkey, Poland, Vigo (Spain), Latvia, marking a milestone important in the path towards achieving the project objectives.

At this transnational meeting, in-depth discussions were held and concrete plans were established for the next stages of the project. Participants also had the opportunity to strengthen their professional and personal ties, which contributed significantly to long-term collaboration.

Some of the highlights of the meeting were: who are we? (partner's presentations), what commitment does my institution make to the project?, The grant agreement, Economic management of the project, project management issues, project outputs, LTT, Dissemination,....

The results of this meeting have been a testament to the international community's ability to come together in times of global challenges and work together towards a more promising future.
